Honor Your Graduate

Each year, the seniors look forward to their last year of high school with excitement, anticipation, and hope for the future. We are proud of our 63 seniors for showing what it means to be a Knight as they complete their final year at PC.

To honor the Class of 2022, we are inviting you to celebrate your graduate with a personalized commemorative brick for our mediation garden. This is an excellent opportunity for your senior to be a part of PC history forever. The bricks are available in two sizes: 4"x8" or 8"x8". Each brick order includes a complimentary replica tile of your inscription as a keepsake.

Make sure your graduate doesn't miss out on this opportunity to be a part of PC history. The bricks are available for a limited time for Class of 2022. Order deadline is Wednesday, April 13th to ensure that we can have the bricks in place for their graduation.

Click [here](#) for more information and to place your order. Questions? Contact Robin Thomas at rthomas@peninsulacatholic.org or 757-596-7247, ext. 117.

Thank you for helping us to honor the Class of 2022.

NHS giving back to the community with the Red Cross blood drive

The NHS will host a community blood drive with the American Red Cross on April 12th from 8 am to 1 pm in our Aux Gym. For more information or to make an appointment to donate, sign up online at redcrossblood.org with sponsor code PCHS.

Hosting a blood drive coincides with PCHS and NHS's core values of giving back to the community. "With a simple blood donation, we have the ability to help save the life of someone who could be a coworker, loved one, or neighbor."

Blood is routinely transfused to patients with cancer and other diseases, premature babies, organ transplant recipients, and trauma victims, according to the Red Cross.

"The short amount of time it takes to donate can mean a lifetime to a patient with a serious medical condition. We urge eligible donors to join us in the selfless act of giving blood."

Donors of all blood types are needed, especially those with types O negative, B negative, and A negative. According to the Red Cross, type O negative is the universal blood type that can be safely transfused to anyone and is often used to treat trauma patients.
